

# Lifetime Warranty

**PROJECT NAME:** Click or tap here to enter text.

**DATE:** 1/3/2024

**IES JOB NUMBER:** Click or tap here to enter text.

IES provides a lifetime warranty of IES' workmanship on any cabling system installed. IES will correct free-of-charge problems resulting from IES' workmanship, providing there have been no alterations, additions, or changes to the installation by personnel other than IES.

IES shall warrant all IES-provided cabling materials and equipment after installation acceptance on the customer's site against defects for a period of five years. IES is authorized to extend a performance warranty for any installed Systimax, CommScope, Siemon, Leviton/Berk-Tek, Ortronics, Panduit, or Corning-certified system, where applicable.

IES will not be liable for any damages or costs, including indirect or consequential damages, lost profits, savings, or earnings, lost or computed data, or any other damages resulting from the actions or use of equipment or items that have been installed, added, changed, moved, or repaired by non-IES personnel.

This warranty is limited to the correction of the problem, and it does not apply when a problem is due to force majeure, normal wear and tear, damage, misuse, negligence, or abuse by the original purchasers or its employees, agents, or representatives. The warranty does not apply to existing items that were not installed, added to, changed, moved, repaired, or altered from the original design or performance standards by anyone other than an IES employee.
